

I am writing to let you know that as a resident of Indiana and a PAYING phone customer, I DO NOT WANT OUR TELEPHONE PRIVACY ACT ALTERED IN ANY WAY. This is a private line and the consumer should have the choice of whom can "trespass" on our line. Solicitation calls often occur and very inconvenient times and interrupt ones activities.

THE FCC should NOT implement ANY proposal that would lessen Indiana's Telephone Privacy Law Protections. I have been on the list since it was activated and it has GREATLY reduced the number of unwanted calls. In the past I would not even answer my phone for fear it may be a "solicitor". IT IS MY LINE AND I DON'T WANT TO BE BOTHERED. PLEASE PLEASE do NOT change our law. If they would like to solicate new customers, they are MORE THAN WELCOME to do mailings and advertisements TV and Radio. The phone is a service I PAY FOR and should not be tied up dealing with some telemarketer or sales person REGARDLESS of my current "customer status" with them.

Sincerely,
Adam Buttermore
Concerned telephone customer.
